Find a place and time that interests you (it could be a park, a Laundromat, an art museum, a mall, an enormous room, or a totally dark place. In the early morning, during nighttime, when it's appropriate, or when it isn't).

Meet

Bring your players and headphones and meet at the agreed place and time.

Sound check

Choose track 1 (*Soundcheck*). Count to three and press "PLAY".

Get synced

Choose one track each (*Decoy* or *New Individualism*). Count to three and press "PLAY".

You are now in sync (if not, do it again).
